Basic Preparation Course for Parish Nurses is a nationally endorsed curriculum from the International Parish Nurse Resource Center. The course is recognized as a subspecialty in nursing by The American Nurses Association. The parish nurse focus is on prevention, wholeness and wellness, and holds the spiritual dimension to be central to nursing practice.

Objectives

At the completion of this course, the participant's will be able to:

- Describe theoretical and practical issues essential to the understanding and development of an effective parish nurse practice
- Demonstrate knowledge, attitude, and skills to practice as a beginning parish nurse
- Embrace the integration of faith and health as central to the parish nurse role
- Nurture their own personal spiritual development
- Identify a network of continuing development and support, including an inter-collegial peer system of support.
